

For employees and covered dependents insured through one of the health plans identified above.

This Medication List is effective for the quarter starting August 1, 2017 through October 31, 2017. Orders for medications on this list must be faxed or postmarked by November 7, 2017. Orders for new prescriptions faxed or postmarked after November 7, 2017 will only be honored if the medications being ordered are also on the Medication List for the next quarter starting November 2017.

\*If you are on a High Deductible Health Plan and your medication is on your health plan's Preventive Drug List, you can still obtain your medication through CanaRx with no copay. If your medication is not on your health plan's Preventive Drug List, you must meet your health plan deductible before you can obtain your medication at \$0 copay through CanaRx.

In rare circumstances, a medication on this list may become unavailable through the **myMedicationAdvisor**<sup>®</sup> Program due to a supply issue. In this case, the current pharmacy benefit must be used to obtain the medication where standard copays will apply.

AUS: Australia CAN: Canada NZ: New Zealand UK: United Kingdom

**Medications in bold and followed by a circle (●) are specialty medications.**

**Medications followed by an asterisk (\*) are brand-name medications that require your doctor to fill out our Generic Waiver Form for you to get them through this program. Please call our Helpline at 877-467-3113, or visit us online at [myMedicationAdvisor.com](http://myMedicationAdvisor.com) to get this form.**
