

Benefits and Premiums are effective January 01, 2018 through December 31, 2018

PLAN DESIGN AND BENEFITS
 PROVIDED BY AETNA LIFE INSURANCE COMPANY

PHARMACY - PRESCRIPTION DRUG BENEFITS

Prescription drug calendar year deductible \$0

Prescription drug calendar year deductible must be satisfied before any Medicare Prescription Drug benefits are paid. Covered Medicare Prescription Drug expenses will accumulate toward the pharmacy deductible.

Pharmacy Network S2

Your Medicare Part D plan is associated with pharmacies in the above network. To find a network pharmacy, you can visit our website (<http://www.aetnaretireplans.com>).

Formulary GRP B2

Your cost for generic drugs is usually lower than your cost for brand drugs. However, Aetna in some instances combines higher cost generic drugs on brand tiers.

Initial Coverage Limit (ICL) \$3,750

The Initial Coverage Limit includes the applicable plan deductible. Until covered Medicare Prescription Drug expenses reach the Initial Coverage Limit (and after the deductible is satisfied), cost-sharing is as follows:

4 Tier Plan	Retail cost-sharing (in-network) up to a 30-day supply	Retail cost-sharing up to a 90-day supply	Preferred mail order cost-sharing up to a 90-day supply
Tier 1 - Generic Generic Drugs	\$5	\$10	\$10

4 Tier Plan	Retail cost-sharing (in-network) up to a 30-day supply	Retail cost-sharing up to a 90-day supply	Preferred mail order cost-sharing up to a 90-day supply
Tier 2 - Preferred Brand Includes some high-cost generic and preferred brand drugs	\$10	\$20	\$20
Tier 3 - Non-Preferred Drug Includes some high-cost generic and non-preferred brand drugs	\$25	\$75	\$75
Tier 4 - Specialty Includes high-cost/unique generic and brand drugs	\$25	Limited to one-month supply	Limited to one-month supply

Coverage Gap†

Once covered Medicare Prescription Drug expenses have reached the Initial Coverage Limit, the Coverage Gap begins. Member cost sharing between the Initial Coverage Limit and until \$5,000 in true out-of-pocket costs for Covered Part D drugs are incurred is as follows:

Your plan sponsor/former employer provides additional coverage during the Coverage Gap stage. This means that you will generally continue to pay the same amount for covered drugs throughout the Coverage Gap stage of the plan as you paid in the Initial Coverage stage. Once you reach \$5,000 in out of pocket drug expenses, you qualify for the Catastrophic Coverage phase.

Catastrophic Coverage Your share of the cost for a covered drug will be 5% but not greater than the cost share amounts listed in the Initial Coverage Stage section above.

Catastrophic Coverage benefits start once \$5,000 in true out-of-pocket costs is incurred.

Requirements:

Precertification Applies

Step-Therapy Applies

Non-Part D Drug Rider

- Agents when used for the treatment of sexual or erectile dysfunction (ED)

Aetna Medicare is a PDP, HMO, PPO plan with a Medicare contract. Our SNPs also have contracts with State Medicaid programs. Enrollment in our plans depends on contract renewal.

This information is not a complete description of benefits. Contact the plan for more information. Limitations, copayments, and restrictions may apply. Benefits, formulary, pharmacy network, premium and/or co-payments/co-insurance may change on January 1 of each year.

Plans are offered by Aetna Health Inc., Aetna Health of California Inc., and/or Aetna Life Insurance Company (Aetna). Not all health services are covered. See Evidence of Coverage for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location.

The formulary and pharmacy network may change at any time. You will receive notice when necessary.

Members who get “extra help” are not required to fill prescriptions at preferred network pharmacies in order to get Low Income Subsidy (LIS) copays.

You must be entitled to Medicare Part A and continue to pay your Part B premium and Part A, if applicable.

See Evidence of Coverage for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's preferred drug list. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Pharmacy participation is subject to change.

Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

†Your plan sponsor or former employer provides additional coverage during the coverage gap phase for covered brand name drugs. This means that you will generally continue to pay the same amount for covered brand name drugs throughout the coverage gap phase of the plan as you paid in the initial coverage phase.

Coinsurance is applied against the overall cost of the drug, before any discounts or benefits are applied.

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for “off label” use, (any use of the drug other than indicated on a drug's label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as “exclusions” or “non-Part D drugs”. These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Aetna receives rebates from drug manufacturers that may be considered when determining our preferred drug list. Rebates do not reduce the amount you pay the pharmacy for covered prescriptions. Pharmacy participation is subject to change.

You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances when a network pharmacy is not available. If you become ill while traveling in the United States, but are outside of your plan’s service area, you may need to use an out-of-network pharmacy. An additional cost may be charged for drugs received at an out-of-network pharmacy. Quantity limits and restrictions may apply.

If you reside in a long-term care facility, your cost share is the same as at a retail pharmacy and you may receive up to a 31-day supply.

You may get drugs from an out-of-network pharmacy in certain situations, but are limited to a 30-day supply.

You may be able to get Extra Help to pay for your prescription drug premiums and costs. To see if you qualify for Extra Help, call:

- **1-800-MEDICARE (1-800-633-4227)**. TTY users should call **1-877-486-2048**, 24/7
- The Social Security Office at **1-800-772-1213** between 7 a.m. and 7 p.m., Monday through Friday. TTY users should call **1-800-325-0778**
- Your state Medicaid office

If you qualify, Medicare could pay for up to 75 percent or more of your drug costs including monthly prescription drug premiums, annual deductibles and coinsurance. Additionally, those who qualify will not be subject to the coverage gap or a late enrollment penalty. Many people are eligible for these savings and don't even know it.

Your Plan Includes Supplemental Coverage (Non-Part D Drug Rider)

Your Plan Includes a Supplemental Benefit Prescription Drug Rider. Certain types of drugs or categories of drugs are not normally covered by Medicare prescription drug plans. These drugs are not considered Part D drugs and may be referred to as "exclusions" or "non-Part D drugs." This plan offers additional coverage for some prescription drugs not normally covered. The amount paid when filling a prescription for these drugs does not count towards qualifying for catastrophic coverage. For those receiving Extra Help from Medicare to pay for prescriptions, the Extra Help will not pay for these drugs.

Non-Part D drugs covered under the Supplemental Benefit Prescription Drug Rider are:

- Agents when used for the treatment of sexual or erectile dysfunction (ED)

Below is a list non-Part D drugs that are **not** covered under the Supplemental Benefit Prescription Drug Rider:

- Agents used for cosmetic purposes or hair growth

- Agents used to promote fertility
- Agents when used for anorexia, weight loss, or weight gain
- Agents when used for the symptomatic relief of cough and colds
- Non-prescription drugs
- Outpatient drugs for which the manufacturer requires associated tests or monitoring services be purchased only from the manufacturer as a condition of sale
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations

Non-Part D drugs covered under the rider can be purchased at the appropriate plan copay. Copayments and other costs for these prescription drugs will not apply toward the deductible, initial coverage limit or true out-of-pocket threshold. Some drugs may require prior authorization before they are covered under the plan. The physician can call Aetna for prior authorization, toll free at **1-800-414-2386**.

You can call Member Services at the number on the back of your Aetna Medicare member ID card if you have questions.

If there is a difference between this document and the Evidence of Coverage (EOC), the EOC is considered correct.

Information is believed to be accurate as of the production date; however, it is subject to change. For more information about Aetna plans, go to www.aetna.com.
