Dear <Member Name>,

I'm writing to let you know about some changes to Harvard Pilgrim's prescription drug program for 2018.

New mail-order pharmacy: Beginning October 1, 2017, MedImpact Direct will be our new mail-order pharmacy. MedImpact offers flexible payment, ordering and delivery options, and they provide excellent customer service.

Members who get prescriptions through Walgreens Mail Service have already been notified about this change. Any prescriptions currently with Walgreens Mail Service will be transferred to MedImpact Direct. Prescriptions that don't have any refills left will not be transferred.

Premium formulary: Harvard Pilgrim is updating our Premium formulary effective January 1, 2018. "Formulary" is a term we use for the set of drugs your plan covers. Some drugs will change tiers and others will no longer be covered.

Although the 2018 Premium formulary will cover fewer drugs, it is important to know that FDA-approved alternatives will be available for many non-covered medications. Generic equivalents will be offered in place of brand-name drugs when they are available. Some medications will have over-the-counter alternatives, which you can buy without a prescription.

Please review the enclosed list to see if any medications you currently take will be affected. You can also use our online Drug Tier Look-Up. Check your Harvard Pilgrim member ID card to see which program you have and visit one of the following pages. Your ID card will have three or four price levels next to "Rx."

- If your card shows three price levels, visit www.harvardpilgrim.org/2018Premium3T
- If your card shows four price levels, visit www.harvardpilgrim.org/2018Premium4T

Questions?

We value your continued membership. If you have any questions about your coverage, please call the Member Services department at **(888) 333-4742**. Representatives are available Monday, Tuesday and Thursday from 8 a.m. to 6 p.m., Wednesday from 10 a.m. to 6 p.m. and Friday from 8 a.m. to 5:30 p.m. For TTY service, call **711**.

Sincerely,

A handwritten signature in black ink that reads "Maria Fitzgerald".

Maria Fitzgerald
Director, Member Services

Medications that will no longer be covered on the Premium formulary. After careful review, the following medications will no longer be covered as of January 1, 2018. Most of the following drugs have a covered generic alternative. Your prescriber may submit an exception request on your behalf for coverage of medications that are medically necessary for your care but not included in the Premium formulary.

Note: Shaded drugs have a covered interchangeable generic alternative.
