PROVIDER LOCATOR

In-network is always nearby

EyeMed's Provider Locator makes it easy to find in-network eye doctors close to you.

THE PROVIDER LOCATOR LETS YOU:

- Search by ZIP code, city, provider name or practice
- Filter by distance, hours, languages, accessibility and more
- View detailed provider information, including services offered
- Access maps, directions, and contact details
- Schedule your eye exam online at participating providers*

*At participating providers

This information is available broadly and is not plan or state specific. Special offers are not valid in the state of Texas.
